

Hello,

My name is Paul Kenny and I have been in the music industry for over 30 years. I would like to share with you the music services which I offer to schools and also private students here on the North West Coast of Tasmania. I am located near Penguin and I have a music tuition and learning centre for private students as well as small groups. I also have a recording studio where I record my own albums as well as other artists from all over Australia. I currently have over 70 of my own music albums which sell in over 108 different countries. I have also produced many other albums for other artists which have gone on to win awards and be on the music charts in several countries. I have been a concert artist for several music companies performing around Australia and also overseas. I am originally from Queensland but have lived on the North West Coast of Tasmania for around 7 years now.

I currently run my own music business, teaching a range of subjects including Piano, Keyboard, Organ, Music Theory, Composition as well as tutoring school subjects. I also teach 2 choirs at a local school which I find is a highlight of my week. Having 50 voices come together is simply an amazing sound.

Subjects:

Piano - Keyboard - Organ (Classical/Modern) - Music Theory - Song Writing: I have been teaching these subjects for over 30 years and over that time have had many students go on to advanced music studies at university, etc.

School Tutoring: Maths, English, Reading and The Art of Study and Focus. Motivational workshops for students through to business professionals. I am also available for music workshops and also motivational sessions to help people achieve success and getting the most out of their abilities and life in general.

At present I do have a few available times or days, which I can offer to your school for private tuition in the above subjects or being involved with your school choir or music program in general. I can also offer special one day workshops for composition (song writing), music theory and recording. I offer a wealth of musical knowledge and experience to students of all ages and abilities.

If you would like more details or would like to arrange a time for a meeting please let me know as I am only too happy to work with you and boost the level of music and the students enjoyment of music within your school.

All the best,  
Paul.

Paul Kenny
