

# Invitation to Parents

Monday 22nd May – 5:00-6:30pm

Woodbridge School cordially invites all interested parents of Grade 6 students, living within our catchment area, to attend a secondary information evening. This evening is designed to give parents the opportunity to explore our facilities and gain an understanding of what we can offer your child.

- ♦ Rich and diverse learning opportunities based on the Australian Curriculum.
- ♦ Hear first hand about our Teaching and Learning Pedagogical Framework.
- ♦ Small class sizes allowing teachers to build positive relationships and get to know your child.
- ♦ Because we know your child, we can offer a differentiated curriculum to meet your child's individual educational needs.
- ♦ Strong supportive, engaging and unique programs timetabled into the curriculum.
- ♦ Unique and innovative programs: Kitchen Garden Program, nationally recognised Media course, Woodbridge School Marine Discovery Centre, Outdoor Program, German, STEM, Marine Science, Robotics, Math Methods, Print Media, Music, Design and Technology.
- ♦ Community involvement at all levels of education—student, parent and community partnerships.
- ♦ Brand new architecturally designed teaching and learning spaces.

Please join us for a guided tour around the school. All Welcome.
