Children are required to wear **fully enclosed shoes—Please, NO CROCS for safety reasons.**

Please pack warm clothes for your child/ren

Each day our program is subject to change depending on weather conditions and numbers.

We will endeavour to provide what is programmed.

INCURSION INFORMATION

INCURSION 1:

Where is the incursion? The incursion will be held at Snug Primary School outside the main entrance of the multipurpose building.

Why are we doing it? This workshop provides children with the opportunity to work in small groups to undertake a number of engaging science experiments involving water, colour, solubility and texture using a wide variety of equipment.

When is the incursion? The incursion is on Monday 10th July, starting at 10am and going until approximately 12pm.

INCURSION 2:

Where is the incursion? The incursion will be held at Snug Primary School outside the main entrance of the multipurpose building.

Why are we doing it? Hebel is a lightweight, aerated concrete product that can be cut, chiselled, carved, drilled and sanded using real tools. During this two hour workshop we will provide all of the tools and materials needed for children to create their own sculptural works of art to take home. Everyone will get to learn how to safely use a range of tools that will be provided.

When is the incursion? The incursion is on Thursday 20th July, starting at 10am and going until approximately 12pm.
