

PRIMARY SCHOOL DAY KINGSTON HIGH 2017

Year 6 students from across the Kingborough region attended the Primary School Day held at Kingston High School this week.

This was a fun filled day for all Year 6's, to enjoy a range of activities that support a successful transition to high school.

Our students loved touring the school, seeing the range of learning spaces and exploring subject areas that are relevant to high school learning. These included science labs, wood and metal tech rooms, photography, graphic design, art and ceramic spaces. The Drama auditorium and Sports Gym were an added feature for active games and team building.

The excitement was evident across the day, as our students got to mingle with other primary school students during break times and enjoyed learning about high school settings. It was a great day that built on thinking about future learning concepts, regardless of their 2018 school. -Thanks for hosting us all Kingston High School.

PRIMARY SCHOOL DAY KINGSTON HIGH 2017

At Snug Primary School we are always...

'Learning together to achieve... personal excellence'.

Year 6: student reflections:

What is one thing you will take away from your experiences at Primary School Transition Day?

- ⇒ I know that all the Year 6's are feeling the same as I am; nervous and excited.—Otis
- ⇒ It's important to 'not only make connections with the people in your new classes, but also make connections with your teachers'.— Ella C
- ⇒ The chance of getting in to a fight are very slim.—Oli
- ⇒ If you miss your bus after school, you can just go to the office.— Ella
- ⇒ I know where most things are around the Kingston High school now.— Kirrilee
- ⇒ What to do in difficult situations.—Courtney
- ⇒ Knowing that you have to be on time to your bus because the driver cant/wont wait for you.—Summer
- ⇒ That high school teachers aren't scary and are just trying to help you.—Makayla
- ⇒ What to do if you don't know where to go, just ask someone.— Amalie
- ⇒ Greet people nicely so people think you are a nice person.—Charlie
- ⇒ That the school isn't as big as I thought it was.—Gemma

TRANSITION ACTIVITIES/TASKS AT SNUG:

- learning to unlock a combination lock successfully
- learning to read timetables from a range of high schools
- learning about choices/ problem solving through scenarios
- reading various high school maps
- learning subject areas, their codes and school specific codes
