

Year 3-4D

3-4D are very excited about participating in the “Where? Where? Wedgie!” program this term. In May, students will participate in a four week science based expedition to find eagles and explore their habits and habitats. The program is led by Andrew Hughes, who visited the school at the end of Term 1 to speak with all of the year 3-4 classes. Students will be connecting with other classes around Tasmanian and with scientists online. We encourage everyone to link in at home with this program by clicking on the following link; <https://expeditionclass.com/>.

This Term we are writing our own realistic narrative. We have been studying different mentor texts such as “Owl Moon” by Jan Yolen, “Come On, Rain!” by Karen Hesse. Children have been concentrating on developing their writing skills in the areas of sentence structure (especially complex sentences), use of adjectives, adverbs, nouns and verbs to add meaning, and zooming in on the small moment. Here are some sentences we wrote after a lesson about adding conjunctions to make complex sentences;
