

I Learnt that wedge tailed eagles have sophisticated eyes that work like binoculars to help them to examine their prey accurately. We toasted delicious marshmallows on the warm fire on our Where Where Wedgie day in the amazing outdoor learning area. We also built amazing nests out of sticks, twigs and leaves. I built my one with Angus, Harrison K and Oliver.

Why wedgie why with me Harry Johnson. How do you know if a wedgie is a boy or a girl? hmmm. 3/4 A Harry Johnson.

On our amazing Where Where Wedgie Day on the 25.5.18 there were lots of enjoyable activities. One of them was bush art with Mrs Pullen. I made a clay koala with a rock for a nose and holding a gum leaf. Billy 3-40
