

## SNUG YOUTH AND COMMUNITY PLAY SPACE PROPOSAL

Kingborough

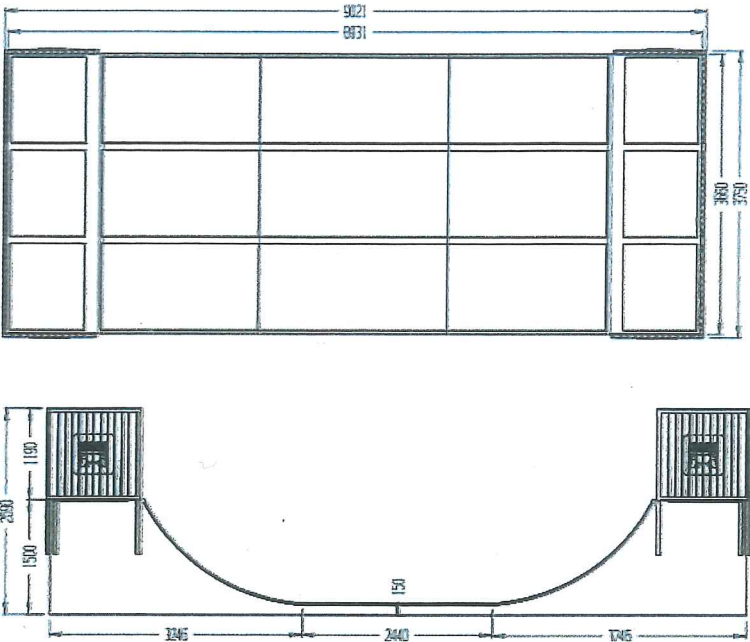

SCALE APPROXIMATES 1:200 (do not scale)  
April 2018

PLAY SPACE ELEMENTS

This revised plan attempts to address issues raised by councillors at the two workshops held regarding the design of the play area for youth in Snug and Electrona, whilst providing for the elements requested by the wider community and making the play space primarily for older youth in Snug and Electrona specifically whilst still providing some nature play and playful elements for the whole family. Children with disabilities are encouraged to participate using the play screens, nature play and spinner as well as watching other children and being a part of the play environment.

1. RHINO 1.5M HALF PIPE SKATE ELEMENT

2. KOMPAN CLIMBER - GXY901012

3. CHIMES AND CLOCK

4. SPINNER

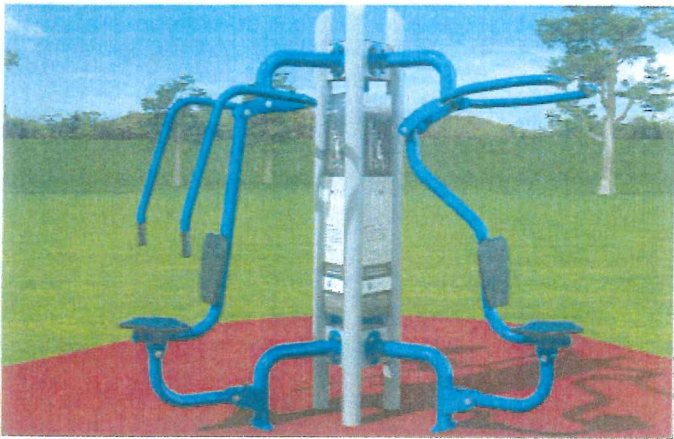

5. 30M FLYING FOX

6. TABLE TENNIS

7. EXERCISE STATION - STRENGTH BUILDER 3 UNITS

8. NATURE PLAY

This will be achieved through the use of natural material edging to the play area and use of certified sand. Rocks vertical poles and landscaping will provide seating places and watching spaces for full integration for play.
