## About our busy days

### About the Outdoor Learning Area

The Outdoor Learning Area is opposite the river, still on school grounds. This space is an area where the children are able to:

- freely explore and engage with the natural environment,
- source their own learning,
- be challenged with their thinking
- develop critical-thinking skills

We hope to spend a lot of our time in this space when we visit. Signs will be displayed for when we are out exploring!

### About Bricks 4 Kids

Bricks 4 Kids is an educational play program that provides an amazing environment for children to build unique creations and to have loads of fun using Lego. Each program through Bricks 4 Kids has a number of goals to achieve, some of which are:

- Build problem-solving skills whilst providing an opportunity for creative expression and fostering an appreciation of how things work
- Explore STEM (Science, Technology, Engineering and Maths) concepts by utilising multiple learning modalities to engage visual, kinaesthetic and auditory learning styles. Different kids learn in different ways!
- Improve fine-motor skills as children manipulate small components and objects in a playful and imaginative setting

### About Raptor Refuge

The Raptor & Wildlife Refuge of Tasmania Inc. is a not-for-profit organisation established by Craig Webb on a 20-acre property overlooking Kettering and the D'Entrecasteaux Channel.

"The Raptor and Wildlife Refuge of Tasmania is committed to securing the future of Tasmania's raptors by reducing human impacts through rehabilitating injured, sick or orphaned raptors, educating the public and supporting habitat conservation."

**For the excursion to the Raptor Refuge, we will be leaving the service at approximately 9:45am, and returning back at approximately 2:30pm.**

**Maximum of 25 children and 4 educators attending.**
