About our Excursions

Snug Beach

Snug Beach, each time we head down the children are always able to freely explore and investigate the space (with appropriate boundaries) in their own time and at their own pace.

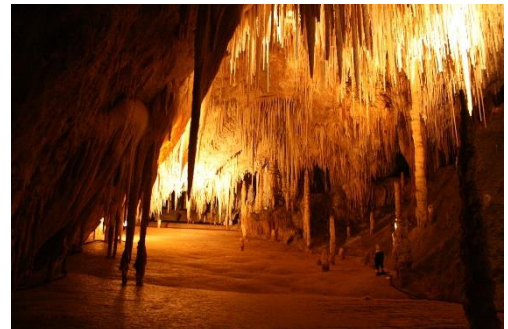

For our excursion to the Beach, we will have a maximum of 25 children attending with 4 educators (ratios being maintained at 1:7).

We will be leaving the service at approximately 10:30am, and arriving back at approximately 2:30pm.

Hastings Caves (Newdegate Cave)

Named after Sir Francis Newdegate, the Governor of Tasmania from 1917-1920, Newdegate Cave is the largest tourist cave in Australia which occurs in dolomite, rather than limestone. Its richly decorated chambers began forming tens of millions of years ago.

Newdegate Cave is home to a number of strange and fascinating animals. Over forty species have been discovered within the cave, including several species which are as yet undescribed. Many have become so adapted to life underground that they can no longer live on the surface. They show loss of pigment and eyes, and development of unusually long antennae.

I wonder how many amazing creatures we will see on our excursion.

For the excursion to Hastings Caves, we will have a maximum of 21 children attending and 3 educators (ratios being maintained at 1:7).

To and from Hastings Caves we will be stopping at the Franklin Foreshore Park and/or Huonville Foreshore Playground for something to eat and a play.

We will be leaving the service at approximately 9:30am and returning at approximately 4:30pm.

Booking Form

Please complete and return this page to school only.

Keep the first page to know what's on!

Child/Children's name/s:

Arrival and Departure times must be accurate to ensure educator: child ratios are maintained.
