DRAMA IN THE AUSTRALIA CURRICULUM

"Drama is the expression and exploration of personal, cultural and social worlds through role and situation that engages, entertains and challenges.

Learning in Drama involves students making, performing, analysing and responding to drama, drawing on human experience as a source of ideas. Students engage with the knowledge of drama, develop skills, techniques and processes, and use materials to explore a range of forms, styles & contexts.

Drama knowledge, understanding and skills ensure that, individually and collaboratively, students develop confidence and self-esteem to explore, depict and celebrate human experience, take risks and challenge their own creativity through drama."
