BRICKS 4 KIDZ

we learn, we build, we play with
LEGO® Bricks

LEGO® HOLIDAY WORKSHOPS

BRICKS 4 KIDZ® school holiday workshops with LEGO® Bricks are a fun way for boys and girls to spend their school holidays in Hobart.

With our own special BRICKS 4 KIDZ® models and lot of creative free-play building, kids always have fun at our LEGO® workshops!

Our school holiday programs are designed for kids aged 5 – 12 and are staffed by trained, screened BRICKS 4 KIDZ® instructors. Children will rotate between different stations during our sessions and work and play with different types of LEGO® - including Technic pieces such as gears, axles, electric motors as well as coding and programming LEGO® models in our Robotics Workshops. We also have heaps of fun in our break times – with different ball games and fun activities!

SEPTEMBER SCHOOL HOLIDAYS 2020

Location: Hobart   **Address**: Ogilvie High School, 228 New Town Road, New Town

Monday 28th Sep Full day 9am – 4pm Half day 9am – 12pm Half day 1pm – 4pm	**MINING AND CRAFTING** Experience the world of Mine Craft™ with LEGO® bricks in this creative workshop! Kids will begin by crafting their shelters and some of the mobs, critters and tools using traditional bricks and mosaic builds. We will build motorised BRICKS 4 KIDZ® models and craft key elements from the Mine Craft™ game. Ages 5+
Monday 28th Sep Full day 9am – 4pm	**JUNIOR ROBOTICS 101** How would you like to turn your next LEGO® creation into a robot, programmed to do exactly what you tell it to do? The Junior Robotics 101 workshop offers all the fun of building with LEGO® Bricks PLUS the challenge of software coding. Using drag-and-drop icon-based LEGO® WeDo® software, the workshop provides an introduction into the world of computer programming and robotics that will equip children to succeed in a technology-based marketplace. This fun, action-packed one day workshop combines real-life skills with real-kid fun! Strictly Ages 7+
Tuesday 29th Sep Full day 9am – 4pm Half day 9am – 12pm Half day 1pm – 4pm	**VIDEO GAMES GALORE** Combine your child's love of video games with LEGO® in this action packed workshop. Bring their favourite games to life such as Angry Birds®, Pokémon®, Mario Bros®, Pac man®, and Sonic Hedgehog® by building 3D and mosaic LEGO® models of their favourite characters. There are also motorised models to maximise the action! You don't need to win the game in this workshop - just bring along your creativity and awesome LEGO® building and you will have so much fun! Please note: there isn't any actual playing of video games in this workshop. Ages 5+
Tuesday 29th Sep Full day 9am – 4pm	**JUNIOR ROBOTICS 201** After the success of our Junior Robotics 101 Workshop we have a continuation on from this with our Junior Robotics 201 Workshop. With exciting new models to build and program, we will be introducing sensors to extend and challenge in this exciting workshop. This is sure to please any young budding programmer. Only open to students who have attended Junior Robotics 101. Strictly Ages 7+
Wednesday 30th Sep Full day 9am – 4pm *Wizards only* Half day 9am – 12pm *Knights only* Half day 1pm – 4pm	**WORLD OF WIZARDS VS KNIGHTS** Who loves Harry Potter® and Nexo Knights®? Combine the two for an action packed workshop! Start the day in the wizard world by making a motorised magical self-stirring cauldron along with other models such as your favourite wizard and his magical owl! Then explore far away kingdoms on your knight's vehicle escaping from the evil jester and his evil ways! Don't forget your knight's sword in case you have to battle! Be prepared for anything in this workshop! Ages 5+
Wednesday 30th Sep Full day 9am – 4pm	**JUNIOR ROBOTICS 301** Expanding on from our Junior Robotics 101 and 201 Workshops, students will continue to broaden their knowledge of sensors including voice commands to make their models move. Exciting new models to build as well the some of the usual favourites but with extra challenges! This is sure to please any young budding programmer. Only open to students who have attended Junior Robotics 101 and 201. Please note only 12 children maximum in this workshop. Strictly Ages 7+
