

we learn, we build, we play with
LEGO® Bricks

LEGO® HOLIDAY WORKSHOPS

BRICKS 4 KIDZ® school holiday workshops using LEGO® Bricks are a fun way for boys and girls to spend their school holidays in Hobart.

With our very own special BRICKS 4 KIDZ® models and lots of creative free-play building, kids always have fun at our LEGO® workshops!

Our school holiday programs are designed for kids aged 5 – 12 and are staffed by trained, screened BRICKS 4 KIDZ® instructors. Children will rotate between different stations during our sessions and work and play with different types of LEGO® - including Technic pieces such as gears, axles, electric motors and more! We also have heaps of fun in our break times – with different ball games and fun activities!

Cost

Full day \$80 incl GST
Half day \$40 incl GST

we are offering!**

JANUARY SCHOOL HOLIDAYS 2021

Location: Hobart

Address: Ogilvie High School, 228 New Town Road, New Town

Wednesday 20th Jan Full day 9am – 4pm <i>Ninjas Only</i> Half day 9am – 12pm <i>Superheroes Only</i> Half day 1pm – 4pm	EXTREME NINJAS vs SUPERHEROES MASHUP Enter the world of LEGO® Ninjago® where ninjas spin into tornadoes to defeat their enemies! Come into the Spinjitsu world and show off your building skills. Imagination and creativity will abound as kids build cool models, battle with their mini-figures, customise battle arenas, tools, vehicles and more! Then in the afternoon we will build Super Heroes with LEGO® bricks and explore all the caped crusaders and discover their super powers including the popular Avengers®! Create a fantasy world and protect it against all of the evil arch enemies with custom contraptions made with LEGO® bricks. Ages 5+
Wednesday 20th Jan Full day 9am – 4pm	JUNIOR ROBOTICS 101 How would you like to turn your next LEGO® creation into a robot, programmed to do exactly what you tell it to do? The Junior Robotics 101 workshop offers all the fun of building with LEGO® Bricks PLUS the challenge of software coding. Using drag-and-drop icon-based LEGO® WeDo® software, the workshop provides an introduction into the world of computer programming and robotics that will equip children to succeed in a technology-based marketplace. This fun, action-packed one day workshop combines real-life skills with real-kid fun! Strictly Ages 7+
Thursday 21st Jan Full day 9am – 4pm Half day 9am – 12pm Half day 1pm – 4pm	MINING AND CRAFTING Experience the world of Mine Craft™ with LEGO® bricks in this creative workshop! Kids will begin by crafting their shelters and some of the mobs, critters and tools using traditional bricks and mosaic builds. We will build motorised BRICKS 4 KIDZ® models and craft key elements from the MineCraft™ game. Ages 5+
Thursday 21st Jan Full day 9am – 4pm	JUNIOR ROBOTICS 201 After the success of our Junior Robotics 101 Workshop we are pleased to announce the launch of our Junior Robotics 201 Workshop. With exciting new models to build and program, we will be introducing sensors to extend and challenge in this exciting workshop. This is sure to please any young budding programmer. Only open to students who have attended Junior Robotics 101. Strictly Ages 7+
Friday 22nd Jan Full day 9am – 4pm	REMOTE CONTROL MANIA Making it move is the name of the game at this exciting workshop! Kids will love to see their creations in motion using LEGO® wireless remote controls. They will use fascinating and challenging LEGO® components to create dynamic vehicles, inventions, machines and more. As they enjoy the fun of building, kids will understand the basic working principles of many ingenious devices that are part of our everyday lives. This workshop is loads of fun and learning for budding builders. Ages 5+
Friday 22nd Jan Full day 9am – 4pm	JUNIOR ROBOTICS 301 Expanding on from our Junior Robotics 101 and 201 Workshops, students will continue to broaden their knowledge of sensors including voice commands to make their models move. Exciting new models to build as well the some of the usual favourites but with extra challenges! This is sure to please any young budding programmer. Only open to students who have attended Junior Robotics 101 and 201. Strictly Ages 7+
