Check in Tas

Libraries Tasmania is committed to keeping our library visitors safe and healthy. You will have noticed when you arrive at the library that we have the usual hand sanitiser, but we also now have a QR code for contact tracing. The easiest way to record your visit is to download the **Check in TAS** App which automatically registers your visit when you scan the QR code. If you prefer, we are also collecting details of your visit on paper. Just add your name/initials and phone number to the sheet, and the information is stored confidentially.

We really appreciate your cooperation in helping us do our bit for contact tracing, and ensuring we have a safe and healthy community.
