SPSOSHC takes the health and safety of children, families and staff seriously and therefore in line with Public Health recommendations, where a child or adult (i.e. staff or family member) is displaying COVID-19 symptoms the individual must:

- Not attend SPSOSHC. Individuals are requested to stay at home if they are unwell / displaying any symptoms of COVID-19.
- Contact the National Coronavirus Hotline (1800 020 080) / Public Health (1800 671 738) and implement their advice (e.g. undertake a COVID-19 test).
- Implement all requirements as outlined by Public Health.
- Notify SPSOSHC.
- Where a children or adult (i.e. staff or family member) displays COVID-19 symptoms and/or has been directed by Public Health to undertake a COVID-19 test, the person must confirm a negative COVID-19 status in writing (i.e. negative COVID-19 results) prior to returning to SPSOSHC.
- As applicable, SPSOSHC will notify the Education and Care Unit (DoE);
- Personal information will be treated confidentially, in line with Australian Privacy Principles;

Where a person receives a positive COVID-19 result and has been in attendance at the service while infectious, SPSOSHC will follow the advice of Public Health and the advice of Safe Work Australia in relation to required cleaning practices.

## Family Involvement

Families are offered a range of opportunities to engage and collaborate with the Service. The Service operates on an open door policy and encourages open and collaborative communication and relationships between SPSOSHC and families.

Families can offer their thoughts and feedback on all aspects of the program at any time (both formally and informally) and become further involved in a variety of ways such as working bees or policy review.

## Our Program

Our program is based on the principles, practices and outcomes of the Framework for School Age Care in Australia (MTOP) and the United Nations Convention on the Rights of the Child. The Framework and Convention recognise that all children have the right to relax and play; as well as the importance of enjoyment, leisure and play in the development of life skills.

Each child's current knowledge, strengths, ideas, culture, abilities and interests are the foundation of the program. Our program offers children the opportunity to join in a wide range of cultural, artistic and other recreational activities; at their level and pace of interest.

## Complaints

All complaints will be taken seriously. Complaints will be dealt with in a confidential, transparent and timely manner.

In line with the Service's Policies and Procedures, where possible, each person is encouraged to address complaint directly with the other party. For example, a complaint should be addressed firstly with the educator concerned, followed by the nominated supervisor, and when necessary the Principal of Snug Primary School.

## Emergency Evacuation and Invacuation Practices

SPSOSHC will conduct emergency evacuation and invacuation practices throughout the year (every 3 months that the service is operating).

Practices will be carried out and documented in a well-organised and orderly manner, in line with the National Regulations. An emergency and evacuation floor plan and relevant instructions will be clearly displayed at each exit of the Service.

Families will be notified of each practice and/or evacuation or invacuation to ensure children are fully supported at all times.

## Accidents/Incidents/Injuries

SPSOSHC will take all reasonable steps to provide a safe and engaging environment. Where an accident, incident, illness or injury occurs, in line with the Policy and Procedure, SPSOSHC will ensure the parent or authorised nominee is notified. This may include a phone call, a request to collect your child and the completion of relevant paperwork (Because of this, it is important that all contact details remain current and each person listed is aware they are an emergency contact). At all times, children will be actively supervised, supported and comforted.

## Health and Safety

To support each child's health and safety:

Educators of SPSOSHC hold current, approved first aid, asthma and anaphylaxis qualifications;

SPSOSHC, in conjunction with Snug Primary School, is part of the Move Well Eat Well program;

SPSOSHC provides a healthy morning and afternoon tea;

All reasonable precautions, including supervision and relevant authorisations and documentation, are maintained.

The health and safety practices of the Service support a high quality service and encourages children to participate in valuable life skills in regard to health, nutrition, hygiene and safety.

## Sun Safety

SPSOSHC will implement sun safe practices where the UV level is 3 and above (e.g. mid August to the end of April). **Slip – Slop – Slap on a hat – Seek** shade – **Slide** on sunglasses. Please refer to the Sun Protection Policy for further details.
